**Other:**

### 6 In what ways do you use Archway gyratory? If you use the area in several different ways please feel free to select more than one option.

As a pedestrian, As a bus or Tube passenger

### 7 Please let us know what effect our scheme will have on those who currently use Archway gyratory:

**Cyclists:**

I think the scheme will improve conditions for these users

**Pedestrians:**

I think the scheme will improve conditions for these users

**Bus and Tube passengers:**

I think the scheme will make conditions worse for these users

**Motorists:**

I do not know what effect the scheme will have on these users

### 8 If you have any other comments, including what you like or dislike about the gyratory proposals, please let us know in the space below.

**Comments:**

We support the principle of removing the gyratory and creating a public space

We dislike the loss of bus to bus and bus to tube interchange, the delays to buses and the diversion of traffic onto residential roads

### 9 Our scheme would create a new open space in Archway town centre. We would like your feedback on what use we might make of this space. If you have any suggestions on the design of the new open space, please let us know below.

**Suggestions:**

facilitating walking along desire lines
